The Directorate of Accounts & Treasuries was established with effect from 1st January, 1962. The accounts work carried out by offices like Treasuries, Local Fund Audit, Accounts officer (Training), Store Verification and Vigilance units which were working under the control of the Finance Department were placed under the administrative control of the Directorate after its formation. The intention of forming this Directorate was to bring all the Gazetted and non Gazetted posts in various Departments/Offices meant for Accounts together to create a unified Accounts Service to cater to all Departments of Government.

The service conditions, qualifications, pay scales etc. of the Supervisory Cadre working in these Departments/Offices were not uniform. Similarly, facility for uploading data regarding sanctioned pension cases is given and accordingly electronic data is being received by all the treasuries in Maharashtra. In addition login is given to A. G. offices for downloading VLC data from a single source, i.e., Arthwahini. The State Government has provided facility to all the Government Offices for preparation of Pension Cases Online.

2. **TreasuryNet:** TreasuryNet is flagship Application of Treasury Accounting designed and developed by NIC, Pune. This is a rule and role based system which can add/create new users, assign functions to different users. It is capable of integration with other applications, so as to transmit and obtain required data. Presently TreasuryNet Application is installed on Central Server. Wherein 323 Sub Treasuries, 34 District Treasuries and 1 Pay and Accounts Office are working Directly on this Central Treasury Server.

   The bills are acknowledged through TreasuryNet when they are received from Drawing and Disbursing Officers (DDO's). Checking, auditing and passing of the bills is done online at various levels in the Treasury and finally the amounts are paid directly to the DDO's and to Registered Payees through RBI e-Kuber System & SBI-CMP Portal. However, to cope up with certain exceptions where cheques are to be given, the system of giving cheque payment is still retained. Electronic scrolls are received from Banks and the receipt data is captured in the system.

   Another initiative to make transaction/voucher level data available to the Accountant General is completed. In Arthwahini portal, data is collected from all Treasuries and we are in a position to give centralized picture of amounts received under various Heads as well as expenditure incurred under different Heads of Account.

   Considering the need for several changes in the currently operating TreasuryNet system, a completely new Unified TreasuryNet system is now being developed by the National Informatics Centre, Pune to develop a modern, more secure and dynamic system with new features. A brief description of this new proposed system is given below.

The proposed Unified TreasuryNet System will be developed by the National Informatics Center, Pune and there will not be any financial burden for the development for the same. The proposed Unified TreasuryNet System will be used for the Cyber Treasury in the first phase. The Cyber Treasury will process the SNA - SPARSH e-Bills by using the Unified TreasuryNet System software. The software will be replicated at all the District Treasuries, Sub Treasuries and the Pay & Accounts Office, Mumbai in phase wise manner after the successful testing at the Cyber Treasury.

This system has been developed to ensure that the unspent government funds lying in the bank accounts of the Drawing and Disbursing Officers remain in the government accounts until they are actually paid to the payees. According to the procedure in VPDA system, there is a maximum period of upto one year to spend the amount after withdrawal. So that the VPDA administrator gets enough time to spend it by the end of March 31. Since the VPDA administrator can register the payee and make payments without the intervention of the treasury, it helps in making payments quickly. It is possible to make bulk payments in the VPDA system.

The following are the advantages of VPDA system.

a) The rate of government funds remaining outside the government accounts has been reduced.

b) There is no load/stress on the cash flow management of the government.

c) There is effective control over the funds lying in the current or savings bank accounts of the drawing and disbursement officers and non-government implementing agencies.

d) Updated and accurate information about unspent funds is available on a real time basis.

e) Unspent funds can be returned to the government on time.

f) Since unspent funds do not remain outside the government accounts, funds are available on time for other priority schemes or programs or development works.

g) There is no wastage of public resources/productivity for unproductive things like to take review, to take extension, to take follow up of unspent funds.

The Medical Insurance (group) Scheme for State Government Employees

The Medical Insurance (group) Scheme for the State Government Employees/ retired State Government Employees as per Finance Department's Government resolution No. Sankirn-2014/C.R.40/2014/kosha-parsha-4 dated 09/07/2014. The Medical Insurance (group insurance) Scheme is based on the principle of Group Insurance. For the state Government employees, there is facility of reimbursement of the medical expenses. But after retirement the facility of reimbursement of the medical expenses doesn't exist and many of them don't have medical insurance cover. After retirement, necessity of the medical facility is more and to meet medical expenses from pension is difficult for pensioners. On the other hand, insurance companies are not ready to provide medical insurance to the pensioners. If provided, medical examination is compulsory and doesn't provide cover for the existing diseases.

After considering all these points, medical insurance for the State Government Employees/ retired State Government Employees has been started which does not put any financial burden on the Government. The New India Assurance Co. Ltd. is implementing this scheme. Under this scheme, medical examination is not necessary and also cover for pre-existing diseases is available.

In the initial phase, the said Medical Insurance Scheme was compulsory for the Group A, B, C & D employees of the State Government and AIS officers. As per the experience of medical claims and the review of the said scheme, changes have been made while renewing the scheme from time to time to increase the scope of the scheme.

For the year 2024-25, Finance Department, Government Resolution dated July 23, 2024 regarding renewal of “Vimachatra Yojana” has been issued. In the view of extended scope of the scheme, The New India Assurance Co. Ltd. has introduced self only, 1+3 (self, spouse, 2 dependent children up to the age of 25 years), options for existing employees & self only, 1+1 (self & spouse) options for the retired employees. The said scheme will not be compulsory for retiring officers/employees and officers in All India Service but concerned officers/employees can participate in this scheme voluntarily by paying the required annual installment.

As Per GR dtd 23/07/2024, kramank sankirn 2014/pr.kr.40/bhag-1/kosha prasha 4, All officers/employees (A, B, C and D) and officers in All India Service will continue to pay annual premium amount of insurance. Annual premiums for renewal of Medical Reimbursement Insurance Scheme for working and retired State Government Officers/Employees and Officers in All India Service are determined by the Government every year.

- From July 2024 to November 2024, the number of employees participating in “Vimachatra Yojana” is 4321. There are 19 new members and out of 4765 employees who participated in insurance umbrella scheme last year, 4302 employees have renewed the scheme.
- According to the information received from The New India Assurance Co. Ltd. for FY 2024-2025 Rs.16,51,62,096/- insurance premium has been collected from 4321 employees.
- According to the information received from TPA (MD India) for FY 2024-25 upto Nov 2024 the number of medical reimbursement claims is 708 while the amount of reimbursement is Rs. 3,63,27,355/-
